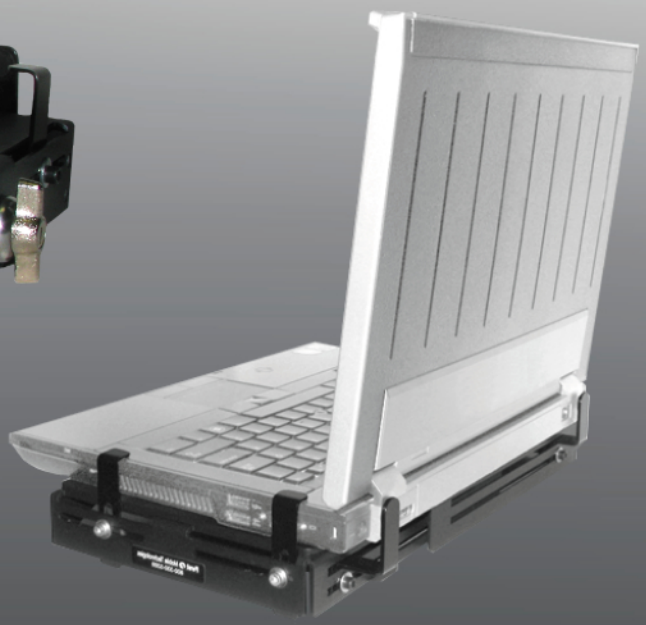
FIRSTCRADLE U

Universal Netbook or Notebook Solution



PART# - FM-C-UNIV2

Universal Netbook or Notebook Solution

- Small footprint to fit a 9.25 inch Netbook, for secure and affordable in-vehicle computing.
- Expands to over 15.5 inches to securely hold almost any size notebook computer on the market.
- Innovative locking mechanism (patent pending) that locks the sliding tray in any position to securely hold computers of varying widths.
- Constructed of heavy gauge metal to withstand the toughest environments.
